FIRST Robotics Competition (FRC) is designed for students of the 7th - 12th grade to compete head to head with their robots, using an alliance format. Teams are responsible for designing, building, and programming their robots to compete in a FIRST-designed, FIRST Robotics Competition. **Promotional video:** <https://youtu.be/X7iV75HXlck>

ENIGMA ROBOTICS TEAM

The First Robotics Competition Rookie Team

Is actively seeking corporate sponsorship and looking for STEM mentors!

SEASON - Our season begins in January when FIRST releases the animated challenge video and ends in April with Worlds, but may vary depending on how far the team advances. We custom fabricate most parts and program our robot using Android Studio. We complete community outreach, collaborate with local Stem professionals, and document our season.

ESTIMATED BUDGET & COSTS

ITEM	COST
Fees (reg, competitions)	\$6,000 - \$20,000
Game	\$2,000 - \$3,000

ENIGMA is a program of Applied Dynamics Initiative 501(c)3

Donations or sponsorships should be tax deductible (consult your accountant) and can be made by check or credit card. A tax receipt will be provided for your records and the benefits above provided in due time. **MAKE CHECKS PAYABLE TO ENIGMA or APPLIED DYNAMICS INITIATIVE - Mailto: 4301 Hillspire Ave. NW Albuquerque, NM 87120**

Competitive Robotics can be expensive but the outcome for many students is priceless. Your support can shape the future leaders of our world. And as Dean Kamin says: "This is the one sport where every student can go pro!".

THANK YOU FROM THE BOTTOM OF OUR HEARTS
